

Neighbour Permission Form – Residential Standard Install

To the Owner/Occupier at _____

Your neighbour at _____

has requested to have a Neighbourhood Cable service connected to their property.

Neighbourhood Cable has established that we require you and/or your landlords' permission to carry out some or all of the works specified below before our prospective customer's service may be connected. This permission is completely at your and/or your landlords' discretion.

Please be assured that Neighbourhood Cable will endeavour to return any property to its original condition after work has been completed. Please be sure to keep a copy of this form for yourself and please return a signed copy to your neighbour.

- Cross this property with overhead cable
- Cross this property via an underground trench
- Lift pavers in order to access underground trench
- Have cable attached to your roof in order to reach the prospective customer's property
- Have cable run through your roof in order to reach the prospective customer's property

Comments:

I do/do not agree to have cable run across my property (please circle)

Signed _____ Date _____

Name _____

Once completed please place this document in your neighbours letter box. Thank you for your cooperation.

Prospective Customer Section

I acknowledge that the supply of this service is subject to the consent of my neighbour and should that consent be withdrawn at anytime, my service will need to be disconnected and I release Neighbourhood Cable from any cost or expense incurred as a result of this.
